**MEMORANDUM FOR: Chief, Information Systems Analysis  
Staff, DDM&S**

**SUBJECT : Declassification of References to the  
National Intelligence Survey in NOTS  
Technical Publication 4229, DoD,  
17 October 1966**

1. Neither the references to the National Intelligence Survey (NIS) on pages 2 and 16 nor the information apparently extracted from the NIS -- appearing on page 2 and following pages -- is classified. We see no security implications in the release of this information to Congressman Les Aspin.

2. On the other hand, we have no objection to the deletion of these references to CIA and the NIS if their release to a Congressman raises other, non-security considerations.
